

ADAPT II

BENCH DESK SYSTEM

ADAPT II

BENCH DESK SYSTEM

Adapt II is our vision for systems furniture in the contemporary office. Offering a new, flexible approach to office furniture design, it is perfect for matching desking with meeting tables and even executive desk design for the totally integrated look. Sleek and stylish with clean cut lines and balanced proportions, the Adapt II benching solution is a real stand out in the modern office environment.

Comprising a sturdy steel subframe and bench tops which take on a floating appearance, Adapt II offers a clean and minimal look to the workplace. Desk legs can be shared, making it an aesthetically pleasing, cost effective and practical system for high density office spaces, and the sliding top options allows for easy cable management from above the desk whilst still satisfying the demands of a busy organisation.

Desktops
Fixed or sliding with
scalloped cutouts

Screens
Aluminium frame see page 148-149

Frames
Choice of black, silver and white

Gemini chair
See page 367

25mm Desktops

Featuring durable 25mm melamine worktops available in four finish options, with steel framework available in black, silver and white

Cutouts

Each desk has three scalloped cut outs in the 25mm tops allowing cables to pass directly through to the cable tray and cable risers to ensure complete cable control

Cable Management

Vertical cable management allows cables to rise from the floor via single leg and mass cable risers into shared cable trays to improve office aesthetics and safety

Optional Sliding Tops

The desktops slide forward to a maximum distance of 125mm giving you greater access to the cable tray, allowing easy access from the top

Finish Options

Desktops available in Beech, Walnut, White and White with Oak trim. Frames available in Black, Silver and White

Tops

Beech (B)

Walnut (W)

White (WH)

White / Oak Edge (WO)
