CONNEX
MODULAR BENCH DESKING

CONNEX
MODULAR BENCH DESKING

6 YEAR WARRANTY

As bench solutions are becoming more popular and mainstream in open plan offices, the Connex range has been developed in response to modern office design and is a more cost effective alternative to the popular Adapt II benching solution. Through its twin fixed beam steel frame construction, Connex is robust enough to cope with the rigours of a busy office and is an ideal modular system for high density office spaces.

Connex bench desking is based on one principle – simplicity. With its clean lines and elegant form, Connex offers a choice of classic tried and tested configurations from a single desk to hundreds of workstations in a wide variety of sizes to fit any office space. The legs can be shared between bench clusters, which not only look aesthetically pleasing, but save space and decreases costs, whilst incorporating very effective cable management.

25mm Desktops

Clean lines and balanced proportions make Connex a stand out in the modern office. Desktops are available in five finishes ensuring Connex looks the part in any office environment

Bench Leg & Framework

The foundation of Connex is a powder coated square steel framework for enhanced strength and stability that forms the structure of the range - finished in silver or white

Cable Management

Horizontal and vertical cable management allows cables to rise from the floor via mass cable risers and shared cable trays, to improve office aesthetics and safety

Modular System

Connex is a modular workspace system for high density office spaces. Assembly per cluster is quick and easy through its highly engineered parts which further increase the system's functionality

Finish Options

Desktops available in Beech, Maple, Oak, Walnut and White. Frames available in Silver and White

Tops

Beech (**B**)

Maple (**M**)
