# ABOUT OUR PRODUCTS

The modern office environment faces big demands. It must be stimulating, efficient, comfortable and attractive. Most importantly a place that people enjoy spending time in.

Furniture should not only look good – it has to perform as efficiently as the people using it. Seating; the one item in an office that can actually affect your health on a daily basis, needs to be comfortable, stylish and functional.

The modern office space needs to be practical - coat stands, clocks, plants and various accessories will make life more pleasurable at work - which is likely to make everyone in the space more effective.

Our products are supplied by a British manufacturer and distributor. We are proud to have more than 100 years' experience in the design and manufacture of industry best office environment products amongst its senior management.

Whether it is our concept team, the production department, our in-house operations specialists, customer service and sales teams or our management group we have one simple approach and that is to make things happen for our customer.

The most important person in our world is the end-user customer. It is our job to make sure we supply products of outstanding quality at affordable prices. We can provide everything for your office.

Our portfolio includes:

- Evolve bench style furniture perfect for team working
- Impulse contract furniture ideal for any general purpose office
- Impulse furniture to add extra wood detailing to a modern office
- Impulse systems furniture to give extra functionality
- Retro furniture where timeless style meets engineering excellence
- Graviti high quality steel storage solutions made in the UK
- Executive, task, operator, conference and visitor seating
- Ergonomic 24 hour and posture seating
- Soft seating and break out area chairs
- Reception units
- Boardroom and meeting room furniture and seating
- Fabric covered sound absorbing screens
- Accessories and office environment items

## Services we offer

- **Bespoke fabric – Have your chair covered in a fabric of your choice.**
- **Fast-track fabrics means we can make and deliver your specially upholstered chair in days. Fabric options on page 150**
- **Good2Go – Enjoy your swivel chair instantly by having it delivered already assembled and quality checked, ready for immediate use.**
- **Full delivery and installation service – We deliver, assemble, remove packaging, check and site products to any floor (subject to access).**

## **BENCH FURNITURE**

Seamlessly creating perfect team working office space, the Evolve bench desking system is stunningly designed and astonishingly engineered.

Bench systems provide a large expanse of workspace with a continuous, uninterrupted surface area.

Select either single desks or a series of desks or a double face-to-face two pod bench system. By using a starter and then adding extension units, you can continue to infinity.

Shared leg options link desks together and cables are effortlessly managed through sliding tops and troy channels.

The desking solution that Evolves with your staffing requirements.

# EVOLVE BENCH

# Evolve Bench assembly explained

## Step 1

Start with either your single starter desk or a two pod "face-to-face" desk set

Select your desired length; 1200mm, 1400mm or 1600mm are available

Select which finish you would like the desktops in - Beech, Maple, Oak, Walnut and White are all available.

Two Pod Start Desk Finished in Beech with White Legs

Example configuration

## Step 2

Add the required extensions (either single or back to back extensions) to provide as many workstations as you need.

You can mix and match any configuration you want. E.G. 1200mm next to a 1600mm

Two Pod Extension Desk Finished in Maple with Silver Legs

## Step 3

You can now add the accessories to your desks.

We offer desktop sound absorbing screens in blue or black fabric from stock, they can be upholstered in other fabrics to order.

You can also select wire management solutions and PC holders. See accessories on page 11.

## IMPULSE FURNITURE

Impulse furniture features 25mm tops, high density heat resistant MFC panels, 2mm ABS protective edging throughout.

With solid chipboard bases to fully extending pedestal drawers, filer drawers, stylish bespoke handles on storage and the legs have floor levellers built in.

All steel legs have a powder coated silver finish, panel ends are made from solid MFC melamine faced wood grain.

Desk tops have integral wire management ports and modesty panel cut outs to take cables.

## RETRO FURNITURE

The Classic H frame design of this traditional desking format is revived in our Retro furniture range.

Finished in warm beech or blonde oak (different finishes to Evolve and Impulse) the tops are 18mm thick melamine on a solid steel sub frame.

Pedestals are all lockable and bookcases feature a solid 18mm thick back board. Floor levellers and wire management ports are included.

## **GRAVITI STORAGE**

Graviti is finished in a hard wearing lightly textured finish. It is fully guaranteed product, made in the UK, and provides outstanding value with 10 years of warranty.

All branded units will provide footscap and A4 filing. Filing cabinets and stationery cupboards feature flush front swan neck drawer and door pulls.

Graviti storage is fully lockable for maximum security and drawer units have anti-tilt safety mechanisms fitted as standard.

All products are supplied fully assembled as standard. All units, except pedestals, can also be supplied flat packed for on-site assembly to overcome access issues

## SECURITY

Security has never been more important than in today's modern office. It is critical that confidential documents, valuables and financial records are kept safe.

We are all carrying more valuable items with us as well - and sometimes these need extra secure storage.

Phoenix is the UK's leading office and home security specialist. We offer a vast range of these security products, the following pages are examples of their most popular solutions.

### KEY

Fire Protection Paper

Fire Protection Data

Fire Protection Digital Media

Water Resistant

Recommended Insurance Rating

Electronic Lock

Drop Tested

Changeable Lock

Key Lock

# Choosing the right chair

## Headrest

Additional upper body/head support for longer term users who want further support to their head and back.

## Backrest

Our backrests come in fixed and adjustable options to provide a variety of options.

## Lumbar Support

The most critical area of the S shape spine is the lumbar. We have adjustable lumbar supports, sometimes operated by twist grip handles, and sometimes by inflating bulbs.

## Seat Slide

Users with longer, or shorter, legs often prefer to have a seat slide on their chairs to achieve the best sitting position.

## Levers

All our levers are ergonomically shaped and placed for ease-of-use.

## Castors

All our swivel chairs have twin wheeled high impact castors to run smooth on the eight miles a year travel the average chair moves.

## We've got your back

*Our reputation is founded on design excellence, outstanding quality engineering, best in market value and exceptional service.*

*Our seating has been recognised throughout Europe for its core brand values and has won prestigious awards for its products.*

*Our seating delivers user comfort and an assortment of functions, from the simple and straightforward, to the complex fully functional models that give you the ultimate in user comfort.*

## Armrests

Armrests can be static loop style or height adjusting to fit each individual user. Some are flip back arms that can be easily stowed for close to desk work.

## Seat Tilt

This will give the user a rocking action that can often be tension adjusted depending on a person's weight and build. It can also be locked in a variety of positions when they have a lock and tilt mechanisms.

## Seat Height

A gas lift strut makes adjusting your chair height as easy as lifting a lever that releases an automatic gas piston that raises the height of a swivel chair. The same lever will release the lock and let users lower the height.

# Movement and Product icons

**Gas height adjustment**  
Adjust the chair height as desired.

**Synchronised tilt mechanism**  
Reclines backrest and seat together at a ratio of approx. 2.5:1 for optimal seating position.

**Adjustable armrest**  
Fully adjustable, multi-positional armrest; height, width and depth movement caters to users of all shapes and sizes.

**Armrests**  
Relieve strain by providing support for the forearms.

**Height adjustable armrest**  
Adjust armrest height to suit individual requirement.

**Seat angle adjustment**  
Lever adjusts seat angle to encourage recommended seat position.

**Adjustable headrest**  
Adjustable headrest for optimum support and comfort.

**Adjustable or free float back**  
Optimal comfort by locking the backrest at any angle or a free float option.

**Seat slide**  
Adjust the seat depth to fit your body to improve circulation by alleviating pressure on the legs.

**Height adjustable backrest**  
Height adjustable back to improve support and posture.

**Independent seat and back**  
Position seat and back angle independently for optimum support and posture.

**Auto tilt tensioner**  
Automated weight tensioner requires no manual adjustment and provides correctly tensioned reclining adjustment.

**Lock tilt motion**  
Lever allows chair to be locked upright or allows free tilt.

**Stacking chair**  
Conveniently stackable chairs provide easy and discreet storage.

**Folding armrest**  
Stylish, comfortable and functional folding arm provides optional support.

**Adjustable lumbar support**  
Improve posture with fully adjustable lumbar giving support where you need it.

**Integral lumbar**  
An integrated fixed lumbar to provide extra back support.

**Tilt tension adjustment**  
Adjust the tension of the seat tilt mechanism to support individual requirements.

**Infinite lock mechanism**  
Lever adjusts seat and back angle as one, lockable in any position.

**Seat depth adjustment**  
Adjust the backrest depth for a larger seating area, suited for longer or shorter legs.

**Anti-Shock**  
Prevents user being thrown forward when adjusting seating angles.

**Knee Tilt**  
Scissor hinged movement that tilts the chair back from the knee point avoiding increased contact on back of legs pressure point.

**Headrest**  
Provides support and relief for the head and neck muscles.

**P**

## **POSTURE SEATING**

More working hours are lost through back pain and poor posture than any other reason.

Our innovative, stylish, high quality posture chairs are designed to provide outstanding posture support and a high level of adjustability.

This enables you to get the chair to 'fit' your best sitting position.

## Chiropractor approved chairs

Leading UK Chiropractor specialist, Robert Bateman endorses our posture chairs. Chiropractors can only practice as a primary healthcare professional when fully qualified and they are regulated by law.

Dr Bateman comments:  
*"Back pain is currently the largest reported reason for sickness absence. Staff that use a chair promoting good posture with the correct support will be more*

*productive and efficient with a noticeable increase in customer satisfaction and decreased absence levels. The correct chair is not an expense; it is an investment in your bottom line profitability."*

Robert Bateman  
Chiropractor specialist

# POSTURE SEATING

## Chiro Plus Ultimate

Equipped with an anti-shock, synchronised reclining mechanism, backrest height and seat slider depth adjustment, the Chiro Plus can be perfectly adjusted to suit your personal requirements.

Sculpted seat and back cushions create an unrivaled comfort zone.

Additionally, a fully adjustable lumbar support is available on the upgraded Chiro Plus Ultimate version.

You're in good hands with the Chiro Plus range.

# EXECUTIVE SEATING

# Enterprise

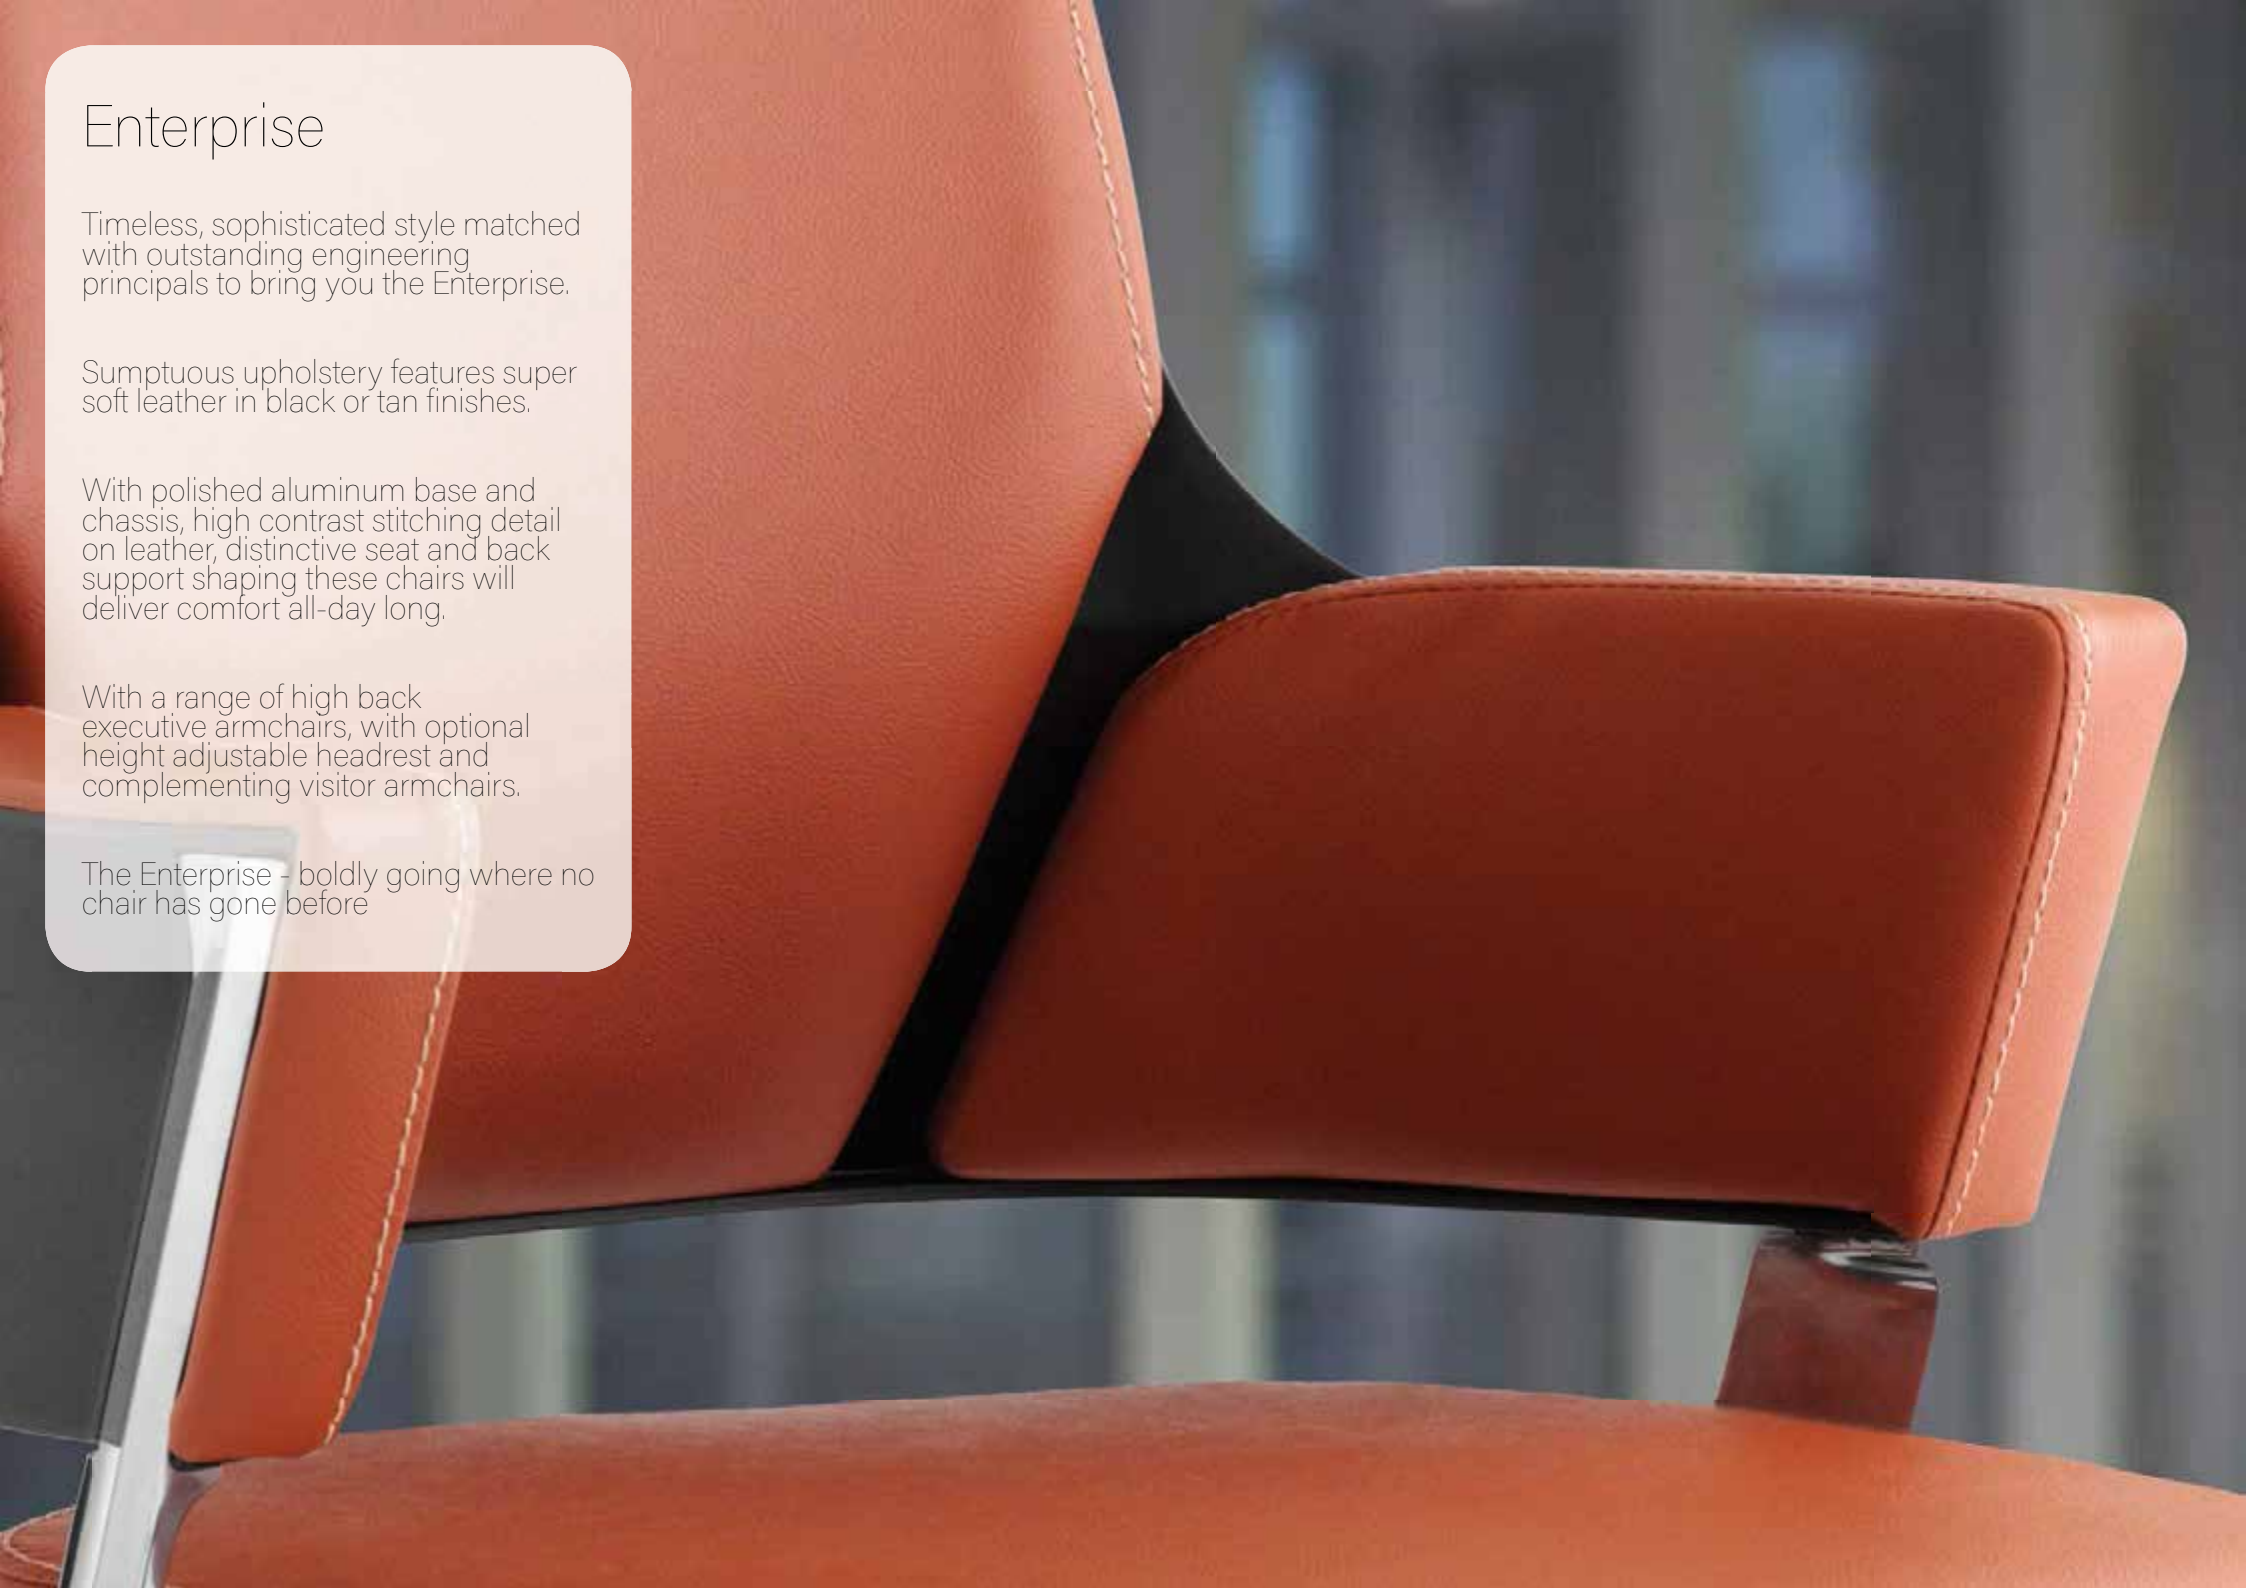

Timeless, sophisticated style matched with outstanding engineering principals to bring you the Enterprise.

Sumptuous upholstery features super soft leather in black or tan finishes.

With polished aluminum base and chassis, high contrast stitching detail on leather, distinctive seat and back support shaping these chairs will deliver comfort all-day long.

With a range of high back executive armchairs, with optional height adjustable headrest and complementing visitor armchairs.

The Enterprise - boldly going where no chair has gone before

# Enterprise High Back

# Zure

This unique range of distinctive, uber stylish chairs has it all.

There are fine mesh, fully upholstered, partly upholstered and stunning flexible elastomer options.

The seat and backrest are carefully contoured to provide maximum comfort.

The high quality outer skeleton wraps the user in touch point technology. Padded armrests on the fabric and leather options provide pleasing eye-appeal whilst the elastomer versions have colour coded armrests.

The polished aluminum base houses highlighted castor detailing.

# Zure Orange Elastomer

# Midas

Stunning looks and quality engineering make the Midas a must have for those looking for a truly exceptional seating option that performs in every environment.

Clean, uncluttered lines, a stylish aluminum frame, smart stitch detailing and multi directional front facing arms make the Midas a chair that demands attention.

Users will see it's not just eye-appeal that is satisfied. A fully synchronized tilting action moves the user effortlessly whilst the fine mesh back support helps you keep your cool.

# Midas

RRP £397

- High density foam seat cushion gives a quality seating experience

A black Molet executive office chair is shown in a modern living room. The chair is the central focus, with its backrest and armrests visible. The background shows a wooden coffee table with a bowl of fruit and a grey sofa. The lighting is soft and natural, coming from a window on the left.

## Molet

An elegantly styled seating solution with multiple functionality for the busy executive – that's the Molet

The smooth flow synchronous action tilting mechanism is tension controlled with a twist grip adjuster.

An ingenious pre-set feature allows the user to elect maximum recline, or to have the chair back on a safety stop at a different angle.

Height and pivot adjustment on the arms is standard and the optional headrest is height and angle adjustable.

The Molet is an exec chair with a big functionality package designed to delight the most discerning customer.

## Xenon

Elegant white or black acrylic shells cradle the most stylish of executive chairs – the Xenon.

The shell swoops down from the generously proportioned backrest to integral slim, shaped, arms which fold around to the underside of the seat shell. A high quality knee tilt ensures maximum comfort and avoids discomfort through upper leg blood vessel constriction.

High density molded foams and an integral contoured lumbar support add to the easy-seating package. A brushed aluminum five star base continues the focus on sophisticated styling at ground level.

# Xenon Black Shell Leather

RRP £265 With Headrest £300

- Quality knee tilt mechanism with tilt tension

## Our Fabrics

### Standard

Our standard fabric options (typically black, blue etc) are stock items upholstered in a contract material that meets or exceeds all UK and European fire retardant and contract wear requirements.

Delivery: Next day

### FastTrack

This service features Bradbury Omega Plus material. We have selected eight exciting shades from this range and stock these for bespoke upholstery usually in 3-5 days. The fabrics are cherry red, chilli, purple, serene blue, sunset yellow, kingfisher blue, swizzle green and pimento red.

Bradbury Omega Plus has additional abrasion resilience to 100,000 rubs "severe contract" use and has flame retardant to Low and Medium hazard as well as ignition source 5 often specified for educational, hotel and health authority usage.

Delivery: 3-5 days

### Bespoke

Our primary textile supplier is Bradbury Fabrics who manufacture from a mill in Yorkshire, UK. We also use Camira fabric, also in Yorkshire. Our Textiles service means we can make any chair with the bespoke fabric icon by it in this catalogue upholstered in a fabric of your choice.

Delivery: 5-7 days

### Bonded leather

Our leather is often bonded or enviro leather style. This is real leather product sometimes called blended leather. Our versions have a high "real leather" content and are made of strips of hide combined to create a supple and genuine product.

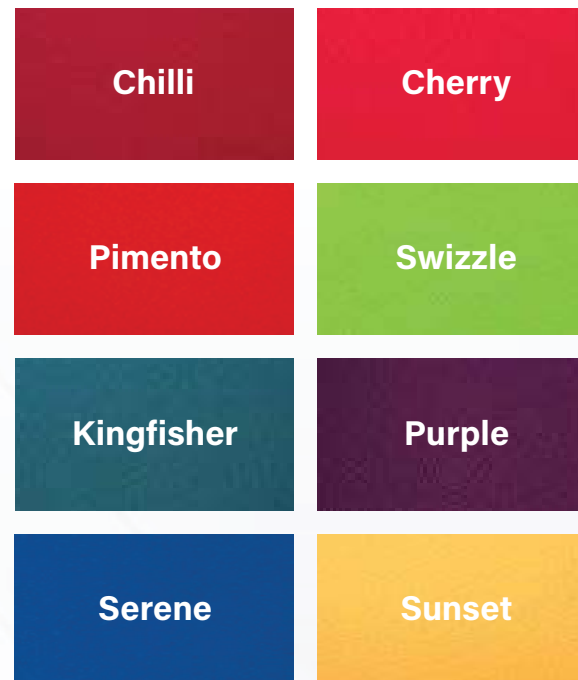

Delivery: 7-10 days

### Vinyl

We can upholster in a variety of exciting vinyl shades and styles, many ideal for demanding requirements in health, hospitality, industrial and leisure environments.

Delivery: 7-10 days

The above deliveries are typical and subject to workflow conditions.

Where this icon is shown the product can be bespoke upholstered in any fabric weave, vinyl or leather options as well as all our fast track fabrics. An additional cost will be added, please contact us if you'd like a custom/special finish.

# 10 CELEBRATING YEARS

We are celebrating 10 years since we designed, built and supplied the first Dynamic product.

Since then our business has developed to be one of the most highly regarded enterprises in the office interiors market.

Our reputation is founded on design excellence, outstanding quality engineering, best in market value and exceptional service.

The Dynamic brand has been recognised throughout Europe for its core brand values and has been won prestigious awards for its products.

Invest in our products - and make your working environment more enjoyable.

## Our guarantee

Dynamic products start life at our concept centre in Northampton, UK. All carry a minimum guarantee of two years. The Graviti steel storage range has a 10-year warranty. Impulse, Evolve, High Gloss and Retro furniture is guaranteed for five years. Specialist chairs also carry the five year guarantee warranty (featured on page)

Our warranties cover issues that develop as a result of manufacturing faults or errors. In the event of a claim we ask for images of the fault for two reasons:

1. To enable us to quickly supply the correct solution for the problem
2. To accurately record a fault and ensure we take steps to stop any recurrence

This will provide the consumer with a "right first time" solution and stop any repeat issues. Our guarantees do not cover faults caused by customer abuse, misuse or wear and tear. They do not cover issues that occur because the product is used outside the intended areas or for the purpose specified for.

In the event of issues not covered by warranties, such as damage caused by abuse, we can still help. These may incur a charge which we can advise you of before undertaking the work.

Dynamic is proud to be a member of FIRA - The Furniture Industry Research Association.

All our products are aligned to the FIRA goals to achieve technical excellence in product design, manufacture and supply.
